TECHNICAL SKILLS

HTML5, CSS3/SASS, CSS Animation, JavaScript, jQuery, JSON, WCAG, Wordpress, Shopify, PHP, Twig, Node, Express, Git, GitHub, Bitbucket, GitLab, Heroku, React, Vue, Angular 8, Typescript, Jasmine

PROFESSIONAL EXPERIENCE

Software Engineer | *Smashing Boxes* | *Durham, NC* 02.19 - PRESENT

At Smashing Boxes, I work on an integrated user interface team. I work closely with four other software engineers to develop Angular 8 applications to monitor business critical insights. I utilize Typescript throughout all applications, and use Jasmine for unit test coverage.

Frontend Developer | *Rivers Agency* | *Chapel Hill, NC* 11.17 - 02.19

At Rivers Agency I wrote responsive front end code to fit the needs of many diverse clients. I have created CMS pages; writing HTML, SASS, PHP and jQuery. I attended a training in web accessibility principles, and brought back what I learned to Rivers. I held multiple training sessions for my coworkers, and created a checklist for designers and developers to assist with implementing these standards.

Special Education Teacher | *Chapel Hill High School, NC* 08.16 - 06.17

Special Education Teacher | *Rolesville High School, NC* 08.14 - 06.16
